Sir or Madam:

In response to the Office Action mailed March 15, 1999, Applicants hereby file a Terminal Disclaimer to overcome the Examiner's rejection of Claims 1-13 as being allegedly unpatentable over Claims 1-4 of U.S. Patent No. 5,798,380, under the doctrine of obviousness double-patenting. As the inventors are the same, and the Wisconsin Alumni Research Foundation and the Yeda Research and Development Company are the Assignees of both the present application and U.S. Patent No. 5,798,380, this application and Patent are owned by the same entities. While Applicants believe that there are more distinctions between the pending claims than the Examiner has noted, in order to further their business interests but without acquiescing to the Examiner's position regarding obviousness, Applicants have attached a Terminal Disclaimer to the present Office Action to overcome this rejection.

PATENT
Attorney Docket No. **WARF-02915**

For the reasons set forth above, it is respectfully submitted that Applicants' claims should be passed to allowance. Should the Examiner believe that a telephone interview would aid in the prosecution of this application, Applicants encourage the Examiner to call the undersigned collect at (415) 705-8410.

Respectfully submitted,
MEDLEN & CARROLL, LLP
